The FDM 113 stainless thermos cup, with dimensions of 70x90mm and a capacity of 300ml, is meticulously designed to meet your daily beverage needs with unmatched efficiency. Constructed from high-quality stainless, this thermos offers exceptional durability, ensuring long-lasting use without compromising its sleek appearance. The double-walled vacuum insulation technology keeps your drinks at the ideal temperature for hours, allowing you to enjoy hot coffee on a chilly morning or refreshing iced tea on a hot afternoon. The ergonomic design of the FDM 113 makes it incredibly comfortable to hold and carry. Its compact size easily fits in your hand and seamlessly slips into your bag, making it the perfect companion for your daily commute, office desk, or weekend adventures. The innovative leak-proof lid provides peace of mind by preventing spills, so you can confidently carry it in your bag without worrying about any mess.

# FDM 114 BAMBOO LID

The FDM 114 is a 500 ml stainless steel water bottle that combines durability with an elegant design. Crafted from high-quality stainless steel, this bottle is built to withstand the rigors of daily use while resisting corrosion, ensuring it remains a reliable companion for years to come. Its standout feature is a beautifully designed bamboo cap, which adds a touch of natural elegance and sophistication to its modern aesthetic. Measuring  $\text{\O}72 \times 200$  mm, the FDM 114 strikes the perfect balance between a compact size and a generous capacity, making it easy to carry while providing enough volume to keep you hydrated throughout the day.
